Uniform

The majority of our pupils and students look incredibly smart at school, wearing their uniforms correctly and with pride. Please could I take this opportunity however to remind parents of the requirements of our uniform, which can be found on our school website: <http://www.brynelian.conwy.sch.uk/parents/uniform.html> .

I would respectfully ask that parents do NOT send their child to school wearing a hoody in place of a coat or a jumper.
