

School Transport

Please read the following message from the Local Authority School Transport Department:

Following a recent incident which mentions a 'new rule' we would like to take this opportunity to clarify the situation. If parents choose to transport their child to school themselves in the morning (due to appointments etc) but would like them to utilise the transport in the afternoon then it is parental responsibility to ensure you have contacted one of the following; School Transport office, the escort (if applicable) or the operator direct to inform them in a timely manner.

If there has been no communication then we will assume that parents are collecting their child/children from school. This is to ensure the safety of the pupil.

This is not a new rule but we felt that we should simply clarify this and clear any concerns that you may have.

Just to remind you, the School Transport office telephone lines are open between 8am - 5pm Monday to Thursday and 8am - 4:30pm on Friday.
