## Year 12 Option Columns 2017

### Serious choice

OPTION A		OPTION B		OPTION C		OPTION D		OPTION E		LINC WEDNESDAY	
Maths		Chemistry		Physics		Biology		Computer Science		Performing Arts	
Medical Science (Applied)		ICT		Travel		Geography		Sport		Public Services	
RS		Art		English Language		Media		Business		Health and Social Care	
		History		English Literature		Welsh				LINC Courses- see brochure	
										Further Maths	

Notes:

- You should not opt for **Medical Science** and **Biology** as they are very similar.
- Since your free choice a lot of time has been spent trying to undo clashes. The combination above has the smallest number of clashes across year 11. It won't be perfect, please indicate where there are still clashes.
- All students will take the compulsory Welsh Bacc qualification, which will take up one AS worth of time.
- You should choose 2, 3 or 4 subjects to study alongside the Bac. **3 + the Bac is the general combination to aim for**, 2+ and 4+ will be discussed and decided on an individual basis.
- Indicate your choices in the tick column to the right of each Option column, and number them in terms of importance to you- 1,2,3 etc.
- Ensure you place your name and form on the sheet and return it to your form tutor by the deadline
- Use the space below to make any points to staff who are sorting the columns:
